Privacy Policy

Effective Date: July 13,2025

This Privacy Policy describes how the Buzzy app handles your information. We value your privacy and are committed to protecting it.

1. No Personal Data Collection

Buzzy does not collect, store, or share any personal information from its users. We do not require you to create an account or provide any identifying details to use the app.

2. Photo Processing

When you scan a bug using the app, the photo is temporarily sent to an image analysis service to identify the bug. Specifically:
 • Photos are not saved locally or in the cloud.
 • Photos are not collected or stored by the Buzzy app or its developers.
 • Images are sent securely to OpenAI for analysis and deleted immediately after processing.

3. Use of OpenAI Services

We use OpenAI's image analysis API to process photos for bug recognition. By using Buzzy, you acknowledge that your images are sent to OpenAI solely for this purpose.

For more information, please review OpenAI's Privacy Policy: https://openai.com/policies/row-privacy-policy.

4. No Tracking or Analytics

Buzzy does not include any third-party analytics, tracking SDKs, or ad networks. We do not monitor your usage or behavior in the app.

5. Changes to This Policy

We may update this policy to reflect changes in our practices or legal requirements. The latest version will always be available in the app.

6. Contact

If you have any questions about this Privacy Policy, please contact: Baptiste Faure baptiste.faure18@gmail.com.
